DROP SHAPE STICKERS

The family of the shapes

FLAT VISOR
Typical Snap Back visor.

MID VISOR
A shape in between with the flat and curved visors.

CURVED VISOR
Typical Baseball cap visor.

DIAMOND SHAPE STICKERS

The family of the unique features

FULLY RECYCLED
A clever combination of fabrics that involving cap, mesh and closure makes the hat entirely recycled.

RECYCLED POLYESTER
The fabric, made by recycling plastic bottles, is considered one of the fabrics with the lowest environmental impact.

ORGANIC COTTON
Organic cotton is grown without the use of toxic pesticides and synthetic fertilizers, maintaining soil fertility and building biologically diverse agriculture.

DYE FREE
Eco-friendly technology that dyes fabrics by hot transfer directly to the yarn avoiding waste and emission of dyes into the water.

UPF +50
With the Ultraviolet Protection sticker you are sure that the rays are blocked by the fabric and the skin underneath your hat is excellently protected.

STRETCHABLE MESH
The mesh comes from continuous-filament yarns twisted, heat-set and then untwisted producing a spiral crimp and giving a springy character.

The thrill and the adrenaline of a race, a live event or a game, no matter the scale of it, is something that bring people together and let them live and incredible experience.

Our success stories and important collaborations are born from our ability to follow every aspect of each individual creation. From the initial spark through design and production, what guides us is our enthusiasm for innovation, constant research for the new and choice of the best fabrics.

We have developed exclusive cap lines for the racing world, top quality merchandise for the most famous names in the automotive and we have been collaborating for decades with major sport and music events worldwide.

SPONSORSHIPS

We believe in sponsorships as a manifestation of our potential and a means to achieve social and economic goals.

TRACEABILITY

A clear passport
of our products.

Our products have their own story,
with a specific identity and a certain origin.
We wish to share this story with our
consumers, providing them with full
transparency for their own brand
and awareness of their supply chain.

The Traceability guarantees a clear passport
of the product. This is the reason why
our products will include essential
information as PO number, certain place
of origin, destination of the product
and importer.

CONNECT

The great breakthrough transforming a hat into a real interactive object

Our spirit of innovation drives us to have new ideas and products that let our customer live the best experiences.

Connect is one of the functions of our **App** that allows you to upload and update exclusive multimedia contents

on the **NFC** tag embed in our hat visors.

NFC stands for Near Field Communication and it is the contactless technology that can transmit information between tag-equipped tools, called wearable devices. Thanks to NFC your contents and stories will turn your caps into an incredible new game.

JUST TAG IT

Download our free APP and dive in all the CONNECT tools. **Your contents will take your cap to the next level!**

Tap the top of your phone to where the NFC tag is located.

Get access to the contents and have fun!

MOODS

We created these moods to inspire you.
Dive in and find out what makes this
collection so special.

GREEN

RECYCLE

THE SUSTAINABILITY AND VERSATILITY OF THE FABRICS FOR ENVIRONMENTALLY FRIENDLY SOLUTIONS

TO DESIGN A MORE SUSTAINABLE FUTURE, WE ARE FOCUSING ON FABRICS DERIVING FROM RECYCLED PLASTIC AND COTTON

In the textile world, recycled polyester or recycled PET is considered one of the fabrics with the lowest environmental impact. The fibre is, in fact, made from polymers obtained by recycling plastic bottles.

We also believe in recycled cotton, the result of the transformation of scrapes or second-hand clothes into a new cotton fibre that can be reused in textile garments diverting many clothes from landfills.

NEW

RECY THREE

Main Fabric: 60% certified recycled cotton canvas
40% cotton canvas

HIGH PERFORMANCE

GORE-TEX

AT THE HEART OF GORE-TEX® PRODUCTS IS AN EXTREMELY THIN MEMBRANE THAT'S DURABLY WATERPROOF, WINDPROOF, AND BREATHABLE. IT HAS OVER 9 BILLION PORES PER SQUARE INCH.

WINDPROOF

The volume of air that passes through one cubic foot of fabric in one minute (cfm) is 1.0 or less, creating a truly windproof membrane.

BREATHABLE

The pores are 700 times larger than a water vapor molecule which means perspiration passes right through. This is what makes the membrane breathable.

WATERPROOF

The microscopic pores on the membrane are 20,000 times smaller than a water droplet, which means water droplets can't pass through.

CAP GORE

Main Fabric: 100% polyester

Lining: 100% polyester

HIGH PERFORMANCE

black

navy

royal

The **CAP GORE** is the ultimate cap for outdoor activities. It is produced with a special **GORE-TEX® membrane** inside that makes it **windproof**, **rainproof**, **breathable** and **waterproof**.

Features

GORE WINDSTOPPER

Products made with GORE® WINDSTOPPER® fabrics are totally windproof and deliver maximum breathability to keep you comfortable in cool and windy weather conditions.

TOTALLY WINDPROOF

Protects the body's warmth from the chilling effects of wind by using a totally windproof membrane.

MAXIMUM BREATHABILITY

Minimizes overheating and moisture vapor build up by allowing perspiration to escape easily through the extremely breathable membrane.

WATERPROOF

A durable outer fabric treatment (DWR) provides you additional protection of water repellency.

FREEDOM WINDSTOPPER

Main Fabric: 100% polyester

black

KNITTING

**RIB, PLAITED, PLAIN OR CABLE KNIT.
THE WINTER BEANIE CAN BECOME A VERSATILE ACCESSORY,
FITTING IN WITH ANY TYPE OF USE AND STYLE.**

KNIT FABRIC, A PRODUCTION PROCESS KNOWN SINCE ANCIENT TIMES.

For centuries, since ancient times, knitting was done by hand using knitting needles. Its typical great elasticity irrespective of the type of yarn used and high porosity make knit fabric unique and different from all others.

The elasticity is due to the fact that the interlocked knitted threads act like a spring, giving way under tension then returning to their initial position as soon as the tension ends.

A beanie in perfect casual style combines waffle stitch knitting and warm bold colours.

WAFFLE STITCH

The texture of waffle stitch is reminiscent of the waffles it is named after.

In the Middle Ages, this typical Belgian cake was cooked throughout Europe over embers between two cast-iron plates joined by a long handle.
