Legal notice.

Our catalogue is only intended for buyers who wish to use the goods and services exclusively within the scope of their independent professional, commercial, official or business activities and not for private individuals. All information on goods and services is non-binding and does not constitute a legally binding contractual offer, but only a so-called „invitatio ad offerendum“ (an invitation to submit an offer). All prices stated in the catalogue are non-binding guide prices in EUR (as at the back of the catalogue); in addition, if applicable, there are costs for finishing and other ancillary costs such as packaging, shipping and transport costs, customs duties etc., as well as (if applicable) the statutory value added tax. The product illustrations are not binding. We will be pleased to send you a sample for a precise assessment of the guaranteed properties and functions as well as the colour accuracy of a product. This sample is binding for placing an order. In the case of articles with advertising imprint, we will be pleased to provide you with a proof sample for binding approval of the print, the printing stand and the product characteristics. All articles with customer imprint shown in this catalogue are only for the

performance presentation of the printing technology and for reference purposes. The rights to the illustrated logos and brand names as well as to the illustrated custom-made products belong exclusively to the respective copyright/brand owners. Please note that in the case of set items which are marked „Made in Germany“ or „Made in Europe“, it is possible that not all individual components of the set are manufactured in Germany or Europe. However, it goes without saying that the main manufacturing or processing steps for sets marked accordingly are carried out in Germany or Europe (depending on the marking). Only the laws of the Federal Republic of Germany apply to the contractual relationship. The UN Convention on the International Sale of Goods (CISG) and the referral provisions of German international private law (IPR) shall not apply. Errors and misprints reserved. All our offers, deliveries and services are exclusively based on our terms of delivery and payment (AGB). Our complete AGB can be found at elasto.de/agb

Protective Items by elasto.

Why we do what we do.

In the current Covid-19 crisis, the demand for high-quality respiratory masks, mouth and nose masks, as well as other protective items is enormous. We have therefore decided to expand our product range with these articles.

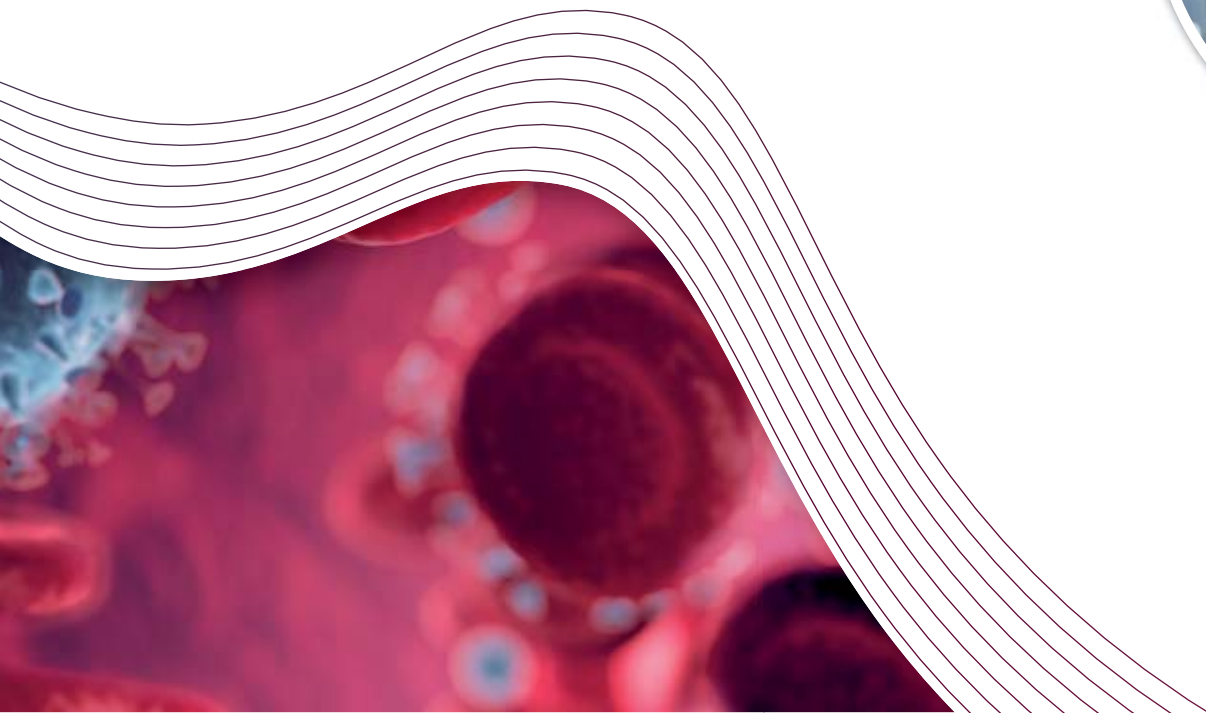

„As a medium-sized company, we want to do our bit and play an active role in the fight against Covid-19.“

Marcus Sperber, Managing Director

We offer the best quality at fair prices.

Thanks to our long-standing cooperation with our excellent suppliers, we are able to offer protective items of the highest quality and at fair prices. These are subject to a stringent and permanent quality control process and are produced by us in line with European standards. Our production process, packaging, and storage all adhere to the highest standards in terms of environmental-friendliness and hygiene, and are the basis of our work.

* All prices quoted are indicative and non-binding industrial prices plus VAT at the statutory rate.
Printing costs not included in the price. Photo montages are for viewing purposes only and are not binding.

Respiratory Mask FFP2 and FFP3

Our quality promise.

- Production and Material – 100% Made in Germany.
- High-quality processing in accordance with European standards.
- Highest standards with regard to environmentally-friendly and hygienic production processes, packaging and storage.
- Uncompromising and consistent quality checking for the most exacting requirements and security.

Your benefits.

- The use of high-quality German filter fabrics means that there is no need for redundant additional filter layers. This makes breathing and the long-term wearing of the mask much more pleasant than with the majority of other models.
- Safe and effective protection for the wearer against particles, liquids and solid aerosols.
- High-quality mask with 4 protective layers. Free from glass fibres, latex and odours.
- Extra skin-friendly non-woven fabric with very low breathing resistance, a higher level of comfort and an exceptional fit.

01481 Respiratory Mask „A” FFP2 NR (Set of 10)

Material & production – 100% Made in Germany. The respiratory mask made from extremely high-quality fleece, offers reliable protection from liquid and solid aerosols. The fleece consists of 4 layers which are robustly interconnected. Furthermore, it offers very low breathing resistance and is particularly skin-friendly. The mask's ties are elasticated and ensure a high level of wearing comfort. The flexible and adjustable nose clip is integrated into the mask, allowing it to fit the shape of the nose perfectly. Not reusable. Not washable. Certified according to Regulation (EU) 2016/425 and the European Standard EN 149:2001 + A1:2009.

 *Quality Made in Germany.*

01482 Respiratory Mask “UNI” FFP3 NR (Set of 10)

NEW!

 *Quality Made in Germany.*

01635 Mouth-and-nose mask „3-Ply” set of 50, Size S

3-layered face and nose mask made from high-quality nonwoven fabric. Unsterile and lint-free. The mask is intended for single use. The mask size can be adjusted by folding. High-quality and skin-friendly. Optimal filtering with a bacterial filtration efficiency rate of > 98 %. Low breathing resistance guarantees the highest level of wearing comfort. Includes adjustable nose bridge. The mask has been certified in compliance with DIN EN 14683:2019. Type: II R. Length of the earbands: approx. 16 cm.

01636 Mouth-and-nose mask „3-Ply” set of 50, Size M

01637 Mouth-and-nose mask „3-Ply” set of 50, Size L

01554 FFP2 fleece cloth face mask, set of 10

This particle-filtering mouth and nose mask, made from extremely high-quality FFP2 fleece, offers reliable protection from liquid and solid aerosols. The fleece consists of 3 layers, which are robustly interconnected. It's not just the fleece and metal nose clip that are produced in Bavaria. In fact, all steps for the production of the masks are carried out in Bavaria. The mask's ties have a generous length, ensuring that they can conveniently be tied into a bow. A flexible and adjustable nose clip has been integrated into the mask, and can be adapted perfectly to the shape of the nose. Please note that this is neither personal protective equipment nor a medical device. Always packaged as 10 units per polybag.

 Quality Made in Germany.

01472 Community mask „Variety“ with filter insert

Reusable double-layered community mask with an interior opening for the insertion of an additional filter. The external material is polyester, which is extremely suitable for sublimation printing. The inner layer is made from cotton and thus gives a comfortable feel when worn. The ties used to fasten the mask behind the ears are elasticated and keep the mask firmly in place on the head. There is also a cord stopper on each side to ensure an even better fit. Can be washed in a washing machine at 60°C.

01453 Community mask „Basic“

For your protection in public spaces. 2-layer community mask made of 75% cotton and 25% polyester. Due to its generous fit, the mask easily covers the mouth, nose, and a large part of the face. Can be washed in a washing machine at 60°C. 10 pieces per polybag.

NEW!

01595 Community mask „Common“

2-layer community mask with a 100% polyester outer layer and an inner layer made of 100% PP non-woven. Due to its generous fit, the mask easily covers the mouth, nose, and a large part of the face. Elastic ear loops make them comfortable to wear over a long period. Can be washed in a washing machine at 60°C. All-over sublimation printing possible from 500 pieces.

 *Quality Made in Germany.*

01474 Mouth-and-nose mask „ReUse“

Reusable, flexible mask made from TPE, which adapts to the shape of the face. The replaceable particle-filtering fleece pads are made using extremely high-quality fleece and offer reliable protection from liquid and solid aerosols. The plastic mask can be cleaned using hot water and detergent, and can therefore be used as many times as required. The elasticated ties of the mask are generous in length and can be adapted to suit the size of the head using the cord stopper. Including 10 fleece pads. (More pads can be found under: 01489 Fleece pad refill pack in a set of 50.)

50x

01489 Fleece pad refill pack, set of 50

01471 Community mask „Space“

Reusable double-layered community mask made from polyester with padding and welded seam in the middle. Due to its clever shape, the mask fits the face excellently. The fabric is elasticated, offering exceptional comfort and a secure fit. Can be washed in a washing machine at 60°C.

Box includes 3 masks!

01503 Mask box „Hygiene“ Space

01470 Children's community mask

Reusable double-layered community mask made from cotton for children. The exterior is available in different patterns, while the interior is always white. Due to its clever shape, the mask fits children's faces excellently. The ties used to fasten the mask behind the ears are elasticated and keep the mask firmly in place on the head. There is also a cord stopper on each side to ensure an even better fit. Can be washed in a washing machine at 60°C.

Box includes 3 masks!

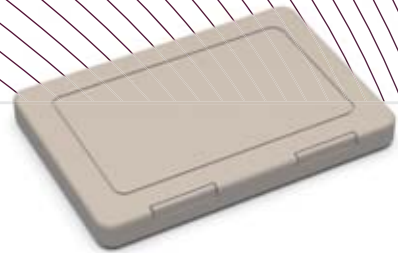

01504 Mask box „Hygiene“ Kids

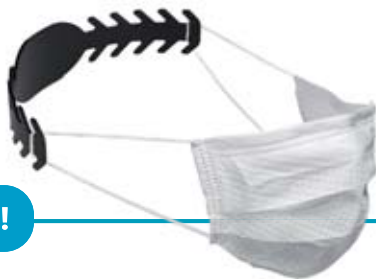

01502 Mask box „Hygiene“ disposable

Universal, space-saving flat box with 2 click fastenings and space for your protective masks. Thanks to its slim shape, the box can comfortably fit in every bag. The generous lid can be decorated using the IMould technique. Including 5 single-use masks (Item No.: 01428).

01501 Mask box „Hygiene“

Universal, space-saving flat box with 2 click fastenings and space for your protective masks. Thanks to its slim shape, the box can comfortably fit in every bag. The generous lid can be decorated using the IMould technique.

NEW!

01492 Mask holder „Comfort“

Avoid painful ears after wearing your mask for a long time. This holder shifts the load away from sensitive ears and towards the back of the head. It is suitable for use with all commonly used breathing masks. Thanks to the number of hooks, your mask can be perfectly adapted to fit the size of your head. The mask holder can be cleaned with a cloth and detergent. It can also be cleaned with disinfectant. This ensures that it can be reused any number of times.

 Quality Made in Germany.

SALE!

01469 Cap & Face Screen

Large and universal. The face screen covers the eyes, nose and mouth and reduces the risk of the spread of droplet infections to the wearer e.g. via coughing or sneezing, and prevents the unintentional touching of the covered areas. Its simple and carefully thought out design mean that it is universally usable. The screen can be quickly and securely attached and removed again with two snap fasteners. Using the sturdy, adjustable metal clasp, the cap can be individually adjusted to any head circumference and ensures a secure hold. Its cotton fabric is pleasant against the skin, even over a long period of time.

NEW!

01560 Face visor „Comfort“

The face shield covers the eyes, nose and mouth and reduces the risk of spreading droplet infections from e.g. through coughing or sneezing for the wearer and prevents accidental contact with the covered areas. Thanks to its simple and clever design, it can be used universally. The visor is suitable for people who wear glasses. The visor can easily be cleaned with detergent and a soft cloth. It can also be cleaned with disinfectant.

Quality Made in Europe.

01493 Face visor „Protection“

Generous facial shield offering a high level of comfort. The visor folds up, with 4 different levels. The size of the strap can be adjusted thanks to a snap fastener. The clear visor can be removed from the headband and replaced, which enables simple cleaning. Protects the eyes, mouth, and nose from aerosols, liquid splashes, and dust.
Visor 5-Pack - Refill Pack 01494

**01494 Replacement visor for face shield
„Premium“, set of 5**

01458 Facial shield „Premium“

Generous facial shield offering high comfort. Size-adjustable due to the flexible elasticated band and the clamp, which can be used to adjust the band length. The transparent shield can be separated from the head bracket in order to replace it. The soft foam at the forehead ensures a pleasant feel against the skin. Protects the eyes, mouth, and nose from aerosols, liquid splashes, and dust.

 Quality Made in Europe.

01432 Facial shield „Shield“

This facial shield, made from durable polyethylene, covers the eyes, nose, and mouth and reduces the risk of the wearer catching droplet infections through coughing and sneezing for example, as well as preventing inadvertent touching of the covered areas. It features a wide band that sits across the forehead, which makes it comfortable to wear. Thanks to its simple and clever design, it can be used universally. The shield can easily be cleaned with detergent and a soft cloth. It can also be cleaned with disinfectant.

 Quality Made in Europe.

01496 Mouth and nose shield „Gastronomy“

With its large size, this mouth and nose shield protects the wearer and those in the vicinity from aerosols and fluids that may be emitted when talking. Its large chin resting area and adequate supply of fresh air make it extremely comfortable, and especially suitable for use in the gastronomy sector. The shield can be separated from the holder on the chin and easily cleaned with a damp cloth and/or disinfectant. The shield can also be replaced as required. (01543 - Replacement visors, set of 5)

01543 Replacement visor for mouth and nose shield „Gastronomy“, set of 10

Quality Made in Germany.

01430 Protection glasses „Safety“

These „Safety“ protection glasses will win you over with their functionality and design. The scratch-resistant lenses are made from high-quality tritan, ensuring that they can deliver high comfort for a long time. They are break-resistant and offer reliable all-round protection for the eyes thanks to their raised lenses. Also suitable for people who wear glasses. Individually boxed. Compliant with (EU) regulation 2016/425 on personal protective equipment, Class II (protection against moderate risks) EN 166:2001.

NEW!

 *Quality Made in Germany.*

01522 Protection glasses „Protection“

The „Protection“ protective glasses will impress you with their functionality and design. The TPE frames fit the contours of the face. The exceptionally clear lenses are made of PC and feature an anti-scratch-coating. The integrated ventilation slits in the frame prevent the glasses from fogging. The wide and stretchy strap can be flexibly adjusted in length using the tabs, offering exceptional comfort. Certified in line with (EU) Regulation 2016/425 for personal protective equipment, category II (protection against medium risks) EN 166:2001.

01424 Apron „Deluxe“

Perfectly suited for all BBQ pros. Brown bbq apron in robust cotton with adjustable neck band and abdomen band. 2 pockets at front. The apron edges are enclosed with a polyurethane band.

 Textile/Cotton
 860 mm x 640 mm

 35 Unit, Nonwoven Pouch

NEW!

01423 Grill scraper „BBQ“

Robust wooden scraper made of natural beechwood. This grill scraper is an alternative to dirty grill brushes or wire bristles that may fall off, or even end up on the grilled food or in your mouth. Hot bars on the grill grid burn into the wood slowly, scoring it slightly, and enhancing the cleaning effect. As the scraper adapts to the grill grid, it is suitable for all grill grids and can easily be reused.

Wood/Beech wood
400 mm x 90 mm x 12 mm

30 Unit, Bulk

08665 Barbecue tong „Delano“

Light but robust barbecue tong made from unpainted beech wood. The plain and functional shape with four inboard grooves each guarantees safe turning of the grilled food. Perfectly suitable for CO2 laser finishing.

Wood/Beech wood
300 mm x 20 mm x 60 mm

480 Unit, Bulk

07482 Grill barbecue tongs „Asado“

Practical and flexible barbecue tongs made of steel with birch-wooden handles.

01011 Ice scraper „TopGrip - Clean Vision“

A cleverly designed ice scraper - MADE IN GERMANY. The shape of the ice scraper makes it comfortable to use. The anti-slip material on the handle helps to efficiently and quickly scrape off any ice on the windshield. The jagged edges on the top side of the ice scraper easily help to remove thick layers of ice.
